Although he often cowers or flees in times of peril, Giru is fiercely loyal to his friends and will risk his own safety to help them.

★ Buu

After his "evil" side was purged and Babidi's control was broken, Buu was given a fresh start. He has spent his time adjusting to his new life with the help of his best friend, Mr. Satan. But Buu is soon called upon to help save the very people he once hungered to destroy.

In a heroic decision, Buu sacrifices his own new-found life to be absorbed into Uub, forming a new being: Majuub. Although Majuub's power is much greater than the sum of his parts, it still may not be enough to stop Baby's rampage.

ENEMY PROFILES

★ Emperor Pilaf

One of Goku's oldest enemies (literally), Emperor Pilaf still thirsts for world domination. With his faithful lackeys, Mai and Shu, Pilaf gathers the long-forgotten Black Star Dragon Balls to wish for just that. But as always, Goku shows up in the nick of time, and Pilaf accidentally wastes his wish, transforming Goku back into a child. Though his devious plans have been thwarted once again, Pilaf's blunder sets off a chain of events that could have dire consequences for Planet Earth!

★ Don Kee

The epitome of greed, Lord Don Kee is the tyrannical ruler of Planet Imecka. The Imeckians are taxed into poverty by Don Kee's insatiable appetite for wealth. He is a classic bully: arrogant, selfish, self-absorbed and above all else, a coward. Don Kee never handles his own dirty work, preferring to leave the fighting to his lieutenants, Gale and Sheila. But when they're not up to the task, Lord Kee sends the deadly and mysterious Ledgic after Goku and the others.

★ Dolltaki

Dolltaki can be summed up in one word: creepy. The man behind the bizarre Cult of Luud, Dolltaki is obsessed with dolls. And he can turn anyone he wishes into his plastic plaything. Luud, a giant mechanical teddy bear, is his greatest weapon, but in order to bring it to life, Dolltaki must turn his followers into dolls and "feed" them to the robotic beast. When Pan stumbles into Dolltaki's lap, his fascination quickly turns to the young Saiyan. He's never seen a doll as lovely as Pan, and quickly adds her to his disturbing menagerie!

Nezi

Ribet

Bizu

★ General Rilldo & The Sigma Force

General Rilldo is Dr. Myuu's top enforcer on Planet M2. Fearless and unrelenting, he has the power to control and manipulate all metal on M2—no small feat considering the entire planet is metal-based! His sole objective is to capture the team of space-faring Saiyans, along with their Dragon Balls, and bring them to Dr. Myuu. General Rilldo's top henchmen are a mercenary team known as The Sigma Force, comprised of Commander Nezi, Ribet and Bizu, these uniquely powerful robots are called upon to stall Goku, Trunks and Pan from reaching Dr. Myuu's lab. They have the ability to join their metal bodies into a single, even more powerful robot called the "Sigma Force Cannon".

General Rilldo

★ Dr. Myuu

Dr. Myuu is a brilliant scientist who desires nothing more than total control of the galaxy. To see this goal through, he devises a plan to create the ultimate Machine Mutant, a being capable of conquering the stars in Dr. Myuu's name. With the birth of Baby, he gets all that and more. Prone to bursts of maniacal laughter, Dr. Myuu is cold and unfeeling, except towards his beloved creation, Baby.

Baby

★ Baby

Baby is the last remaining descendant of the Tuffles, a race the Saiyans nearly wiped out many years ago. With their civilization's destruction at hand, the Tuffles put the soul of a single being into a seed and fired it into space where Dr. Myuu found it. Although Baby was "created" by Dr. Myuu, he definitely has a mind of his own. Cold, calculating, and bent on revenge, Baby's only goals are the re-establishment of his people and domination of the Universe.
